# Smooth glide, sensitive shave

## Philips' no.1 on sensitive skin*

Take the edge off shaving. Specially designed to be comfortable on sensitive skin, the Philips Shaver series 7000 features comfort rings with a unique microbead coating which enables the shaver to glide effortlessly across your face.

### Designed for maximum skin comfort

- Anti-friction microbead coating for a smooth glide
- Heads effortlessly flex in 5 directions for extra comfort
- Get a comfortable dry or refreshing wet shave with AquaTec

### A close and smooth shave

- Blades gently guide hairs for a close, sensitive shave
- Lifts hairs to cut comfortably close

### Easy to use

- Intuitive display make the functions easy to use
- 50 minutes of cordless shaving after a one-hour charge
- Comes with a 2-year guarantee
- Shaver can be rinsed clean under the tap

### Get the most out of your shaver

- Click-on trimmer for perfect mustache and sideburn trimming
- Click-on brush for deep and gentle facial cleansing

S7530/43

# Highlights

### Comfort rings

Our Comfort rings contain a unique coating – consisting of thousands of powder-like beads – which creates a soft, low-resistance surface. Therefore, the shaver glides effortlessly across your face and reduces irritation, while leaving your skin smooth.

### 5-direction DynamicFlex Heads

DynamicFlex heads effortlessly move in 5 directions to follow every curve of your face and neck for a more comfortable shave.

### GentlePresicion Blade System

Our specially-designed blade system protects your skin while cutting extremely close on long, short and flat-lying hairs. The slots are engineered to position each hair at its ideal cutting point, so as to carefully cut without damaging your skin.

### Super Lift & Cut Action

Shave closer with the dual-blade Super Lift & Cut action. The first blade raises each hair while the second blade comfortably cuts below skin level, for really smooth results.

### AquaTec Wet & Dry

Choose how you prefer to shave. With the AquaTec Wet & Dry seal, you can opt for a quick yet comfortable dry shave. Or you can shave wet – with gel or foam – even under the shower.

### SmartClick precision trimmer

Click on our skin-friendly precision trimmer to finish your look. It's ideal for maintaining your mustache and trimming your sideburns.

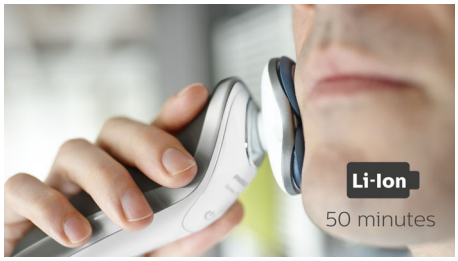
### SmartClick Cleansing Brush

Developed for gentle treatment on sensitive skin. Simply click the brush on your shaver and use it together with the cleanser of your choice. The 32,000 active bristles thoroughly and gently clean even the hardest-to-reach areas of your face for smooth and healthy looking skin.

### 3 level battery indicator

The intuitive display shows relevant information, enabling you to get the best performance out of your shaver: 3-level Battery Indicator - Cleaning Indicator - Battery Low Indicator - Replacement Head Indicator - Travel Lock Indicator

### 50 minutes of cordless shaving



The energy-efficient, powerful lithium-Ion battery system gives you two convenient options: Charge it for an hour for up to 50 minutes of shaving time, or a quick charge for one full shave. All Shaver series 7000 models are designed to operate only in cordless mode to ensure safety in wet environments.
