

Philips Avent
Teat

Classic+
Newborn flow teat
0m+ (1 hole)
2 pack

SCF631/27

Clinically proven to reduce colic and discomfort*

Trusted for 30 years

With the Philips Avent Classic+ teat, your baby controls milk flow, which can help reduce overeating and spit-up. The unique valve flexes to allow air into the bottle, promoting healthy, active feeding and reducing fussing and colic.*

More comfortable feed at baby's chosen pace

- Easy latch on due to the unique valve on the teat

Reduce fussing and discomfort

- Clinically proven to significantly reduce fussing

Air goes into the bottle, not baby's tummy

- Unique anti-colic system

BPA Free (0% Bisphenol A)

- BPA-free teat

Other benefits

- Different flow rate teats available
- Compatible with Classic feeding bottle
- Easier to clean

PHILIPS
AVENT

Teat
Classic+ Newborn flow teat, 0m+ (1 hole), 2 pack

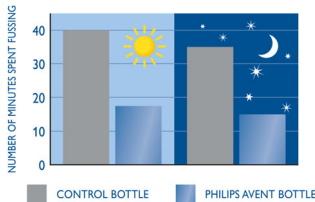

Highlights

Easy latch on

Unique valve on the teat flexes to your baby's feeding rhythm. Milk will only flow at the pace chosen by your baby to minimise overeating and spit-up, burping and gas

Helps settle your baby

Sleep and nutrition are vital to your baby's health and happiness. A randomised clinical trial was carried out to see whether infant baby bottle design affects "infant behaviour". The Philips Avent Classic baby bottle was shown to significantly reduce fussing by approximately 28 minutes a day as compared to the comparator bottle (46 min vs. 74 min, $p=0.05$) This was especially true at night.**

Unique anti-colic valve

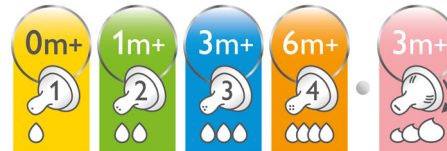

As your baby feeds, the unique valve on the teat flexes to allow air into the bottle instead of your baby's tummy.

BPA free

This teat is made from silicone - a BPA-free material (Following EU directive 2011/8/EU)

Fit your baby's growing needs

The Philips Avent Classic bottle offers different flow rates to keep up with your baby's growth. Remember that age indications are approximate as babies develop at different rates. All teats are available in twin packs.

Compatible with Classic bottle

We advise to use the Classic nipple with Classic baby bottles only.

Easier to clean

Our Classic+ teat has a new design and is now even easier to clean.
