

Philips Avent
Baby Bottle

1 Classic+ bottle (new)
9 oz/260 ml
Slow flow teat

SCF563/17

Clinically proven to reduce colic and discomfort*

Easy to clean for perfect hygiene

Our trusted Classic range has been improved to provide an even more enjoyable feeding experience. The clinically proven anti-colic system is now integrated into the teat, making the bottle extra-easy to clean and assemble.

Clinically proven to reduce colic and discomfort*

- Anti-colic system proven to reduce colic*
- Fussing is reduced, especially at night
- Baby controls milk flow for less spit-up, burping and wind

Easy to use, clean and assemble

- Leak-free for enjoyable feeding
- Wide neck and only a few parts for easy cleaning
- Few parts for quick and simple assembly
- Ergonomic shape for easy holding

Other benefits

- BPA free
- Compatible with the Philips Avent range
- Different teat flow rates available

PHILIPS
AVENT

Highlights

Less colic

In contrast to other bottles, the clinically proven anti-colic system is now integrated into the teat, making it easier to assemble the bottle correctly. As your baby feeds, the unique valve on the teat opens to allow air into the bottle instead of your baby's tummy.

Less fussing*

Sleep and nutrition are vital to your baby's health and happiness. A randomised clinical trial was carried out to see whether infant baby bottle design affects "infant behaviour". The Philips AVENT Classic baby bottle was shown to significantly reduce fussing by approximately 28 minutes a day as compared to the comparator bottle (46 min vs. 74 min, $p=0.05$). This was especially true at night.*

Less spit-up, burping and wind

The unique valve on the teat flexes to your baby's feeding rhythm. Milk will only flow at the pace chosen by your baby to minimise overeating and spit-up, burping and wind.

Leak-free

The new Classic+ bottle is designed to prevent leakage whilst feeding, for a truly enjoyable feeding experience.

Easy to clean

With only 4 parts, a wide bottle neck and rounded corners, our bottle is easy to clean quickly and thoroughly. Have peace of mind that your bottle is truly clean in no time.

Easy to assemble in seconds

The new Classic+ bottle has only 4 parts for quick and simple assembly.

Easy to hold

Due to the unique shape, the feeding bottle is easy to hold and grip in any direction for maximum comfort, even for baby's tiny hands.

BPA free

In accordance with EU directive 2011/8/EU, the Philips AVENT Classic+ feeding bottle is made of BPA-free material (polypropylene).

Compatibility across range

The Philips AVENT Classic+ bottle is compatible with most of the Philips AVENT range. We recommend using the Classic+ bottle with Classic+ teats only.
