Highlights

Aquatec wet and dry

The Aquatec seal on the shaver makes it 100% waterproof. Use it in the shower with your favourite shaving gel or foam for extra skin protection. Naturally, you can also shave dry for convenience. When you have finished, simply pop the heads open and rinse under the tap to easily clean your shaver.

ComfortCut blades

ComfortCut blades have rounded edges that glide smoothly on your skin, so you always get a close yet comfortable shave.

Skin protection system

Rounded low-friction protection heads adjust to the curves of your face to limit skin damage.

40+ Shaving Minutes

An energy-efficient, powerful lithium-ion battery gives you more shaves per charge. You'll have up to 40 minutes of shaving time - that's around 13 shaves - after 8 hours of charging.

Fully waterproof

With QuickRinse system to clean under the tap and can be used under the shower
