PHILIPS

Wet and dry electric shaver with SmartClick Precision Trimmer and Aquatec Wet and Dry

V-Track Precision Blades 50 min cordless use/1 hr charge, P. Trimmer and Cleansing Brush

Highlights

V-Track Precision Blades

The patented V-track Precision Blades gently position each hair in the best cutting position, even flat-lying hairs and hairs of different lengths. Cuts 30% closer in fewer strokes, leaving your skin in great condition.

Contour Detect Technology

The new fully flexible 8X directional heads maximise facial adaptability, requiring less effort in every stroke. Their independent movements allow them to catch 20% more hair for a clean shave in fewer strokes.

Super Lift & Cut Action

The dual-blade system built into the Philips electric shaver lifts hairs to cut comfortably below skin level for a closer shave.

Aquatec Wet and Dry

The Aquatec Wet and Dry seal of the electric shaver lets you choose how you prefer to shave. You can get a comfortable dry shave or a refreshing wet shave using a shaving gel or foam for extra skin comfort.

SmartClick Precision Trimmer

Precision trimmer for perfect moustache and sideburn trimming.

SmartClick Cleansing Brush

More effective at cleaning your face than hand washing alone. Removes dead skin cells and increases micro-circulation to leave your skin feeling clean, fresh and radiant.

User Interface

The intuitive display shows relevant information, enabling you to get the best performance out of your shaver: - 3-level Battery Indicator - Cleaning Indicator - Battery Low Indicator - Replacement Head Indicator - Travel Lock Indicator

50 minutes of cordless shaving

The advanced charging system gives you two convenient options: 50 minutes of running time after a single one-hour charge, or a 3-minute quick charge for one full shave. All Shaver series 9000 models are designed to operate only in cordless mode to ensure safety in wet environments.
