Highlights

BPA-Free

This Philips Avent cup is made from BPA-free material

Transition to adult drinking

This spoutless, strawless cup allows drinking from all around the rim, just like an adult cup. It encourages your toddler to get used to grown-up drinking, without the mess.

Unique lip-activated valve

The unique valve is a brand new innovation, specially designed by experts at Philips Avent. The valve is lip-activated for your toddler to master free-flow drinking.

Hygiene lid

Whether at home or on the go, the protective hygiene lid always keeps the cup clean
